Maintaining many of the original features, this superbly designed four storey home boasts a generous total area of 135 square meters. This property's unique floor plan compliments both entertaining and private sanctuary. The ground floor features a large open plan kitchen with integrated dishwasher and contemporary design. The spacious living room has a stand out fireplace with beautiful open fire and traditional surround as well as a charming bay window and high ceilings. There is also an additional reception room perfect for dining. The ground floor has access to the cellar offering great flexibility to be customized into a personal gym, home theater, or storage area. The first floor houses two comfortably sized bedrooms and the family bathroom complete with large shower enclosure and vanity sink unit.. The second floor has a further loft space that can be used as a double bedroom and benefits from large dormer window for plenty of natural light and great views over the local village. This property is ideal for those seeking an urban sanctuary with thoughtfully designated spaces, presenting a unique combination of form and function suitable for comfortable living or as a high-impact investment. The area has always been popular for those wanting access to convenient amenities as well as the town centre whilst also enjoying a deceptively spacious home. Call Welcome Homes to book a viewing
